Dear Mr. Mueller:

On behalf of the students and faculty of Brooklyn Lab School (19K639) thank you for the presentation you made on January 21<sup>st</sup>, 2009. The personal nature of the performance really touched those in the audience, and we appreciate the time and effort that you generously donated to our school. The performance was entertaining and educational for our students and it's the type of program that we seek to include in our school's culture. We hope to have a continued relationship with Pride Not Prejudice in the future.

Sincerely,
